This Narrative report contains the experiences, learning's, insight gained and some supporting documents required for the internship program of College of Arts and Sciences of Eulogio "Amang" Rodgriguez Institue of Science and Technology.

On the job Training are part of a college curriculum that aims to train and orient students about the work and their future career. OJT is very important not only to teach students their chosen career but to show students the reality about working. OJT will be your training ground. If you still have no idea on what is meant to be a worker, OJT will give you at least 10% of career realities. Your background OJT experience is very important when applying a job. Employers often asked about the OJT experience and how it is related on the job that you are applying for.

Most students have taken their OJT for granted; not realizing the importance it can bring on their future career. Having a good performance during OJT is very important especially now that there's a tight competition towards job seekers and the high qualification of companies.

ACKNOWLEDGEMENT

I would like to express my warmest gratitude to all those who helped me in the completion of this portfolio and those who became a big part of my college life:

To my COPTED family and teachers, especially Dr. Dexter Balajadia, Mrs. Cherrie Ann Basilio and Mrs. Grace Tiqui, for their guidance, encouragement, and their inspiring words to motivate me to develop and become effective teachers; for their undying support and patience; for their words which lightened me up towards the right direction.

To all the personnel in our laboratory schools – UA High School Department and Pampanga High School, for welcoming me and my fellow student-teachers wholeheartedly and for giving us the opportunity to experience how is it to become real classroom teachers.

To all my cooperating teachers both in UAHS and in PHS – Ms. Richel Duay, Ms. Lily Quizon, Ms. Consolacion Pasamba, Ms. Elvira Tayag, Mrs. Liza Rose Quinto, Ms. Bernadette Delos Santos, Mrs. Loida Maglanque and most especially Ms. Laarni Magtoto, for all the things they taught me; for sharing their experiences and giving their time and effort in giving me pieces of advice; for their concern, encouragement and guidance.

To my students in UAHS - I-Exodus, II-Jeremiah, III-Romans, IV-St.Philip, as well as my students in PHS – I-Newton, I-Edison, II-Darwin, II-Mendel, IV-Bonifacio 3 and especially I-Einstein, for giving me their love and for treating me as if I am their real teacher; for being my younger brothers and sisters, and friends at the same time and for giving me unique experiences I never thought I would have.

Grateful acknowledgement is expressed to my beloved parents, Mr. Remigio B. Deang and Mrs. Rowena V. Deang, also to my younger sister Marinelle V. Deang for being my inspirations and motivation to always do my best in everything I do and to always soar higher; for their hard work just to be able to send me to school; for their patience, love and undying support; for always being there for me in times of laughter and when things weren't so great; for always showing the world and making me feel how much they are proud of me; for their teachings and guidance which made me become as to what I am now.

ACKNOWLEDGEMENT

Allow me to thank the people first behind the success of being here at NMDC and for making our OJT a possible one.

First and foremost, I would like to thank God for his infinite love and guidance throughout my practicum. For giving me the strength and knowledge so I have completed my practicum hours.

To North Matrix Development corporation for the support and permission to render my On-thejob training to their Company. And to all staff of North Matrix Development Corporation who had played a major part in the acquisition of my training, for imparting their skills, knowledge, and for treating me not as an employee but as a part of their family.

A word of appreciation to Mr Roger Cuaresma and Mr Rudy Manuel, our foreman, for the knowledge, support, and for those inspirational words that he had shared with us.

Thank you for believing in my skills and capabilities. Especially to my loving family who had been a big part of this endeavor, for giving me the courage to do what I need to. For all the hardships, patience, love and support. Thank you for always being there for me.

To my co-trainees for helping me to face this challenge. For giving me the knowledge, technique and inspiration to pursue my training.

My success could not turn into reality without these people who help me in different ways. To all of you who had been with me in the completion of the requirements. I appreciate all your help. Thank you very much!

In the 3rd floor of this building is the national government sector where we are appointed. Under this constitution, COA received a wider area of audit coverage, including accounts of all subdivisions, agencies, government instruments and corporations of governmental and controlled ownership between those who should be examined, audited and resolved. 36. Despite the times he was sitting on my chair, in front of my table, and waiting for my boss to ask me to do something, I still learned to behave and be alert every time they call me abruptly. My training manager asked me to code the audit instructions for the 2013 calendar and also helped him prepare the clutch achievement report. School of San Gabriel Arcangel founded 1993 Bachelor of Science in the Accounting Week 1 National Government Sector: This is the office where I was assigned to carry out my training at work. 53. 62. Apart from the experiences you had linked to my course, this training at work allowed me to familiarize myself with the employees of the audit commission. School of San Gabriel Arcangel founded 1993 Bachelor of Science in Accounting Section 2 (2). Gil O. It was also during this time that a President of COA was elected for the first time for the United Nations Auditors Board. By the grace of him, I was able to finish this training without any conflict. School of San Gabriel Arcangel founded 1993 Bachelor of Science in Accounting, with gratitude ³ appreciation, I humbly thank the people who, with all that they can, helped me to make my Train one possible. Very early in the morning, we started preparing the office because the auditors of the different agencies of the National Government Sector the ClÄster 6 will be arriving at 8 oA¢ Â time of the morning. On my left is Angela and on my right is Maiko. It functioned as the supreme 3 of auditor of the islands until the end of the Spanish domination 3 1898. Present the other reports required by law. As fate would have it, the COA found itself working again under a new government, under a new Constitution³ and with a broader scope of authority. Although some of the people there are not so kind, I was still able to handle the situation ³ them properly. I was commissioned to code the Maintenance and Other Operating Expenses (MOOE) of the different regions. I express my warmest thanks especially to Prof. While codifying the Auditor's directive, tenÃa 27 años. The Commission³ submit to the President and Congress, within the time limit set by law, an annual report covering the financial situation ³ the functioning of the Government, its branches, agencies and instruments, including State-owned or State-controlled enterprises, and non-governmental entities subject to its auditor, and recommend the necessary measures to improve their effectiveness and efficiency. 61.
